Views of Solids

For 1 and 2, draw front, side, and top views of each stack of unit blocks.

1. [Diagram]

2. [Diagram]

3. In the figure for Exercise 2, how many blocks are not visible?

4. In the figure at the right, how many unit blocks are being used?
   A 8
   B 9
   C 10
   D 11

5. A figure is made from 8 unit blocks. It is 3 units tall. What is the maximum length the figure could be? Explain.
